

Good Afternoon,

We are looking forward to getting back to the studio this summer for classes. As we return to the studio, we are asking that everyone follow these new rules and expectations, as mandated by the state of Ohio, so that we can maintain a safe and clean environment.

Class Flow

- If you (the student) feel unwell or have been exposed to someone who is sick please do not attend class at the studio. Please take temperatures before coming to the studio.
- We are asking that you arrive early. We are having students wait in their cars until called in to the studio. The teacher or a staff member will open the door for the students.
- Please bring only what is absolutely necessary into the studio [e.g. no food, only bringing in your dance shoes or yoga mats if possible]
- Everyone is required to wash their hands upon entering.
- We are not allowing spectators or parents in the studio at this time.
- Practice social distancing. There are blue social distancing marks throughout the studio. Each blue "x" is between 7'-12' distance apart from others. By the sound system, there is space for the teachers to demonstrate.
- We are limiting all classes, ballet and yoga, to a maximum of 7 students per class, at this time.
- When class is over, all students are to exit through the bottom door. The door will be opened by a staff member to minimize touching of the door handle.
- Parents, please arrive 10 minutes prior to class ending for pick up to make class transitions as smooth as possible.
- All classes will have 15 minutes in between for time for disinfection of high touch surfaces and social distancing.

Shared Equipment

We are minimizing our use of shared equipment to help mitigate risk of the spreading of germs at this time.

- The water cooler has been put away. All students are to bring their own water.
- We do not have hand towels in the bathroom. Paper towels are to be used.
- We are refraining from using the ballet barre. If the ballet barre must be used then we will maintain social distancing and it will be disinfected after use. Also, we will not be using the scarves, ribbons, tambourines, or other shared equipment items.
- We have put away the yoga mats, straps, blankets, pillows, etc. Please refrain from using them. We are asking that all students provide their own equipment.

Disinfection

- We will have extra staff present to aid in the disinfection process during classes.
- The studio is going to get a deep clean each day.

We are closely monitoring guidelines released by the CDC and State of Ohio. We are meeting every couple of weeks to reassess these guidelines. We ask that you remain flexible during this time. If any changes are to be made to these guidelines you will be notified as soon as possible.

If you have any other questions, need clarity or more information.... Please contact Anna at avoballetstudio@gmail.com
